

## *St Bernadette's Catholic Primary School*

### Implementation of the Special Educational Needs and Disability Policy (SEND)

SEND Coordinator: G H McKevitt

SEND Governor: J McCafferty

SEND policy review: October 2018

Actions taken as part of the School Improvement Plan 2018-19 for SEND provision:

- To maintain Teaching Assistant support for SEND pupils as identified in their Individual Education Plans
- To consistently monitor and evaluate SEND provision and continue to use inhouse procedures to identify areas of need
- To maintain the use of outside specialist agencies to advise and support effective provision within our school.

The impact of this provision is that SEND pupils (3 pupils) achieved the expected level of attainment in English (Reading 66% and Writing 100%) and 100% achieved the expected level of attainment in Mathematics at the end of Key Stage 2.

The priorities for 2018-19 are to continue to maintain Teaching Assistant provision and to maintain external agency support in order to improve the provision for our children.
